Camera di Commercio Italo-Norvegese

Dear Members and Friends of the Italian-Norwegian Chamber of Commerce (NIHK),

The Oslo 2011 Nordic World Ski Championship is getting close. I would like to point out an arrangement called "Casa Italia" that will take place during the Ski Championship at Saras Telt, Karl Johans gate 24, Oslo. Casa Italia will serve Italian food and promote the next FIS Nordic World Ski Championships 2013 that will take place in Val di Fiemme, Italy.

I would also like to inform you about the Euro Ice Hockey Challenge (10-12 February; Lørenskog Icehall) where we find the Norwegian and Italian national teams among the participants. For additional information please check www.eihc.eu

This year Italy will celebrate an important anniversary, 150 years of unity. Many celebrations and appointments have been organized in Italy (see www.italia150.it). As the NIHK is also involved in cultural events, we have strengthened our cooperation with The Italian cultural institute in Oslo (www.iicoslo.esteri.it/IIC_Oslo/) and the Dante Alighieri association in Norway (www.dantenorge.org). I encourage the NIHK members and friends to check the activities and cultural/social events these associations offer. The NIHK, through its board of directors, is also involved in the activities and arrangements of the Accademia Italiana della Cucina (www.accademaitalianacucina.it).

If you need additional information about any of these organizations or wish to become members, please visit the above web sites or send us an email.

Last but not least, I would like to conclude this news letter presenting some new members who have recently joined our organization.

Please welcome:

- La Buona Romagna: Italian producer of a considerable variety of cheeses. Company contact and address can be found at www.buonaromagna.com (site under construction).
